GAME MANUFACTURING

# MAKING THE GAME: HOW WE MAKE YOUR GAME A REALITY

**1 PREPRESS** Our prepress specialists review your files to get them ready for print.

**2 PROOFING** We provide you with digital proofs to review all your content before printing.
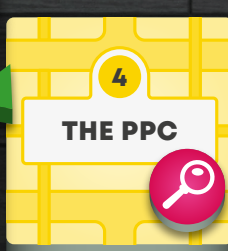

**3 SAMPLING** Samples of your custom components are made & sent to you for inspection.

**4 THE PPC** Panda sends you a pre-production copy of your print components to inspect.

**5 PRINTING** Our printing presses apply your graphics onto our high-quality stock.

**6 MOUNTING & FINISHING** We cut the prints, mount them to cardboard, & apply effects.

**7 DIE CUTTING** Custom-made blades precisely cut boards, tokens, & card sheets.

**8 COMPONENT CREATION** Custom dice are made, wood is shaped, & plastics are molded.

**9 THE MPC** The 1st full mass-production copy of your game is sent to you for inspection.

**10 CLIMATIZE CONTENTS** Components are climatized to avoid damage or warping.

**11 ASSEMBLY** Everything is quality-checked, assembled into the box, & wrapped.

**12 SHIPPING** Your games are palletized, loaded into cargo containers, & travel to you.

## WHO WE ARE

Panda Game Manufacturing is a world-renowned tabletop game manufacturer, producing millions of board games every year for clients around the world. Our mission is to produce (and play!) the best tabletop games in the business.

Headquartered in Vancouver, Canada, Panda's team members (known as Pandas!) work out of their homes in the US, Canada, and throughout Europe. We make it easy to pair you with a Panda in or near your timezone. Furthermore, we guarantee that games made in our Shenzhen, China factory are over 99% free of defects!
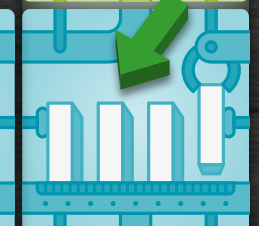

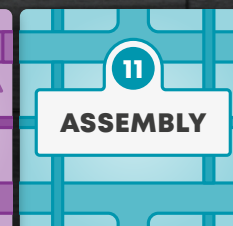

## WHY WE DO IT

At Panda, we're all gamers and our passion is making high-quality games and forging meaningful relationships with our clients.

We're committed to providing best-in-class customer service and the highest quality components in the industry. Panda also wants to help you push the boundaries and explore new component ideas never before seen in board gaming.

Panda's clients range from giant, award-winning publishers to independent game designers; we've worked on projects of all shapes and sizes. We see every game we make as an opportunity to shape and grow the board game community!

We regularly travel to gaming conventions in North America and around the world where we keep in touch with the industry, meet with our clients and, most importantly, play games. We hope to see you at the table soon!

Tiles with this token are steps where you will be able to review our work.
